

DriveStation™ Axis Velocity

USB 3.0 External Hard Drive with TurboPC EX & HW Encryption

BUFFALO™

HD-LXU3L series 4TB 6TB

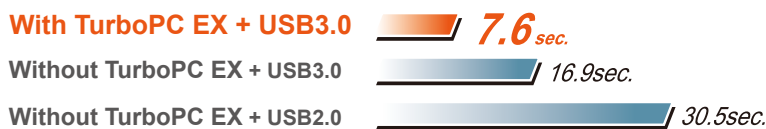

The DriveStation™ Axis Velocity combines the speed benefits of USB 3.0, TurboPC EX to make transferring data extra-fast and extra-easy. This drive is the perfect solution for saving HD video or your personal music libraries, backing up your computer, or any time you want to transfer data quickly.

Simply connect for ultra fast transfer speeds

5X Faster >>>

Transfer 1,000 digital photos in under 12 seconds*1

*1 Test Environment

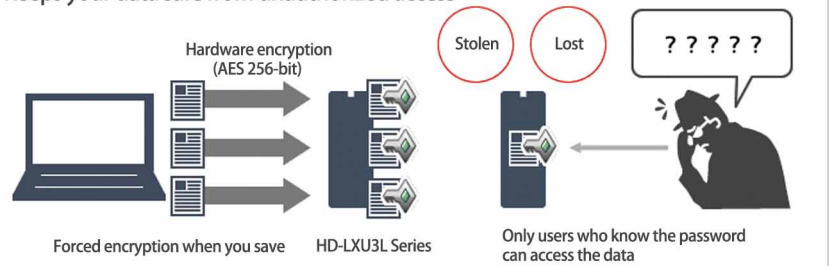

Motherboard : ASUS P7P55D CPU : Intel Core i7 860 (2.80 GHz)
Memory : DDR3 4 GB OS : Windows 7 Ultimate 64bit
Increase in transfer speed varies depending on the number and size of files, type of access and PC environment.

Automatic Hardware encryption protects your data

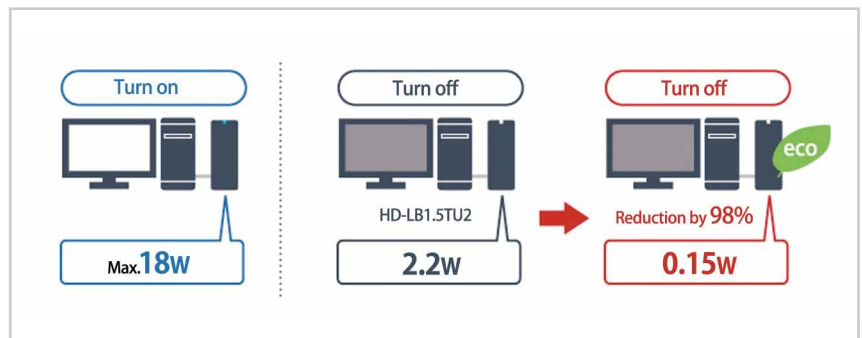

This function keeps your data safe from unauthorized access, automatically. Features robust 256-bit AES encryption—only those who have the password can decrypt and access the data. Additionally, this system suffers no loss in performance, unlike other software-based encryption systems.

Keeps your data safe from unauthorized access

Environmentally friendly energy-saving functions

The Super eco hardware-based system and the eco Manager software, included in the Buffalo Tools suite, automatically reduce power consumption, helping to reduce your electricity bill and reduce your carbon footprint.

Features

- Automatic Hardware Encryption (256-bit AES Full Disk Encryption) protects your data from unauthorized access, with no loss in performance
- TurboPC EX data transfer utility with tune-up saves, copies, and transfers files blazingly fast
- Super eco feature saves more than 90% of power consumption during Auto Power OFF
- Designed to be positioned horizontally or vertically for ultimate flexibility and versatility in any environment
